## House Cleaning Grant

Generously donated by  
A Mom and Her Mop!

Here's what one mom had to say, "Here is my quote: I can't say how thankful and blessed I am to have been awarded this cleaning grant. As a single mom working outside the home of two kids (6 and 3), my oldest on the spectrum, there just aren't enough hours in the day or energy in my body to keep up with my housework. Having Melanie come in was a blessing and my kitchen and bathrooms have never been so clean! Thank you again to everyone who made this possible, I hope to one day be able to pay it forward to others in need.". -Jenny

her mop*

Watch our Facebook page  
for future grant announcements!

**Donate**

**Any donation amount is greatly appreciated. Use this link to help give a gift of support to a caregiver.**

## **CUTE KID ALERT Meet Kaitlyn!**

"Kaitlyn is 6 years old and was diagnosed with autism at age 2. We struggled so much in the beginning with communication, sensory issues and changes in schedule but with amazing help from the therapists and teachers at her school she is thriving. She is very smart and loves me to quiz her on math and to read everything she can find. She is very sweet and social and wants to say hi to everyone and be their friend. She loves the color green, is currently into my little pony and wants to be a nurse or scientist when she grows up."
